

Art Reaches Out

A Brief Statement About Our Float

An octopus has many arms that reach out much like the many creative arms of the members of The Woodlands Art League who further the cause and interest in the visual arts through teaching, programs, demonstrations, exhibitions, and community involvement.

Many artists were involved in the design of this float and contributed their own special vision of WAL and its members. The float is made completely of wood, except for the three plastic barrels we used for flotation.

Names of people on the team and contributing artists:

Committee Co-Chairmen: Theresa Thornhill and Vida Tuminas. Committee members: Linda Henderson, Scott Burke, Kelli Varner, Kim Abbati (and her daughter's Girl Scout Troop), Terri Harris, Fred Hulser, Dee Meredith, Doris Provost, Mary A. Crabe, Allan Boase, Elissa Fletcher, Martha Barr, and Betty-Ann Brose.

Our float won "Best of Show" in 2008.
